Taught by EDWARD WINSOR, Lexington.

Opens Tuesday, October 13, 1891, And Continues Twenty Weeks.

To the Young Men and Young Ladies of Lexington and Lafayette County: Having had many solicitations from young men and young ladies, and from parents in Lexington, and also in other towns in the county, to teach Double-Entry Book Keeping to another class this winter, I have concluded to do so, and will Tuesday Night, October 13th, 1891,

pastor of the German Methodist church, will preach at Napoleon one Sunday in the month, and perhaps at Waverly also.

miles east of Sedalia, Wednesday morning. Two cars of a freight train left the track on a switch and tore along the side.

Three nights in the week will be given to the work, Tuesday, Thursday and Friday, from 7 o'clock to 10 o'clock p. m. track on a switch and tore along the side.

We will be prompt in opening and closing at the hours named. No school will be held during Caristmas week. Instructions will be given in DOUBLE-ENTRY BOOK-KEEPING, all the forms of Notes, Drafts, Orders, Bills, Receipts Accounts, Bills of Exchange, Checks, Accounts Current, Bills of Sale, Negotiable Paper and Non-Negotiable Paper, and endorsements thereon. These will be illustrated on the blackboard; each one taken up separately and explained, until all the class will have an opportunity to understand fully everything relating thereto. They will then be required to make the entries and write the forms on their books, as often as may be necessary for a full and intelligent comprehension of the matter under consideration. Each and all to be reviewed, and reviewed again, and illustrated, until all of the subjects be shall. To-morrow he will assist at the Kansas and Texas, announced in Sedalia come easy and familiar. Our leading lesson will be

DOUBLE-ENTRY BOOK-KEEPING so that the young men and young ladies of the class will be qualified to keep books for themselves and others, and when they become prosperous and employ others to keep books for them, they will know when it is done correctly.

This is a good opportunity for the young men and young ladies of Lexington and Lafayette County to qualify themselves Kas., as the laws of Kansas compelled the to fill good positions when they are offered. Business men now look for those who are QUALIFIED FOR BUSINESS, and not for railroad company to maintain its general those whom they must teach. I have no besitancy in saying, and will guarantee, that anyone who will attend REGULARLY ON the instructions given to this class, and make proper effort to qualify himself or herself, will, at the end of the term, be able to keep any set of books in a Bank or Business House, and will never regret the time spent in learning nor the money paid for instruction. Some of my former pupils said at the end of the term, "Mr. Winsor, I would not take a thousand dollars for what I have learned under your instruction."

Many of my former pupils have received good, lucrative positions as book-keepers in Banks, Mercantile Houses, and drew Murrell, and said that he came from Knoxville, Tenn. After the lynching of longs to the gentlemen owning the abuthip, a son.
